

## *A LETTER FROM THE PRODUCER*

This program is not copy protected. You have told us many times that you enjoy the convenience of non-copy protected software, and we're listening to you.

In a way, this is an experiment on our part. We want to give you software that is easy and convenient to use, but we can't do that if you make copies of our software and give them away to your friends.

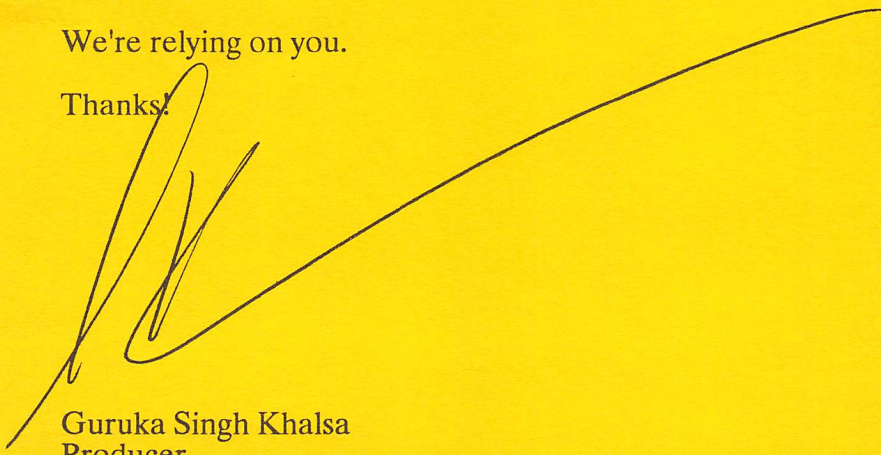

Make our experiment a success -- please don't give away copies of this software to anyone else. Make backup copies for your own use, but don't give away copies. If you like this game, please encourage your friends to go out and buy it -- or you could buy a copy as a gift. This way, you'll keep the price of new software lower for everyone.

As you know, we supply both 3 1/2" and 5 1/4" diskettes in every package. We know now frustrating it can be to open the box and be unable to get going. We're on your side. We want to make really fun software that's both affordable and easy to use.

Help us continue to bring you the *best* software package - at the *best* price.

We're relying on you.

Thanks!
